

THE ARC FERTILITY EMPLOYER PROGRAM FERTILITY BENEFITS THAT REDUCE COSTS

WE'RE HERE FOR YOU

With over 250 locations performing 57,000 cycles in the U.S., ARC Fertility has the most established network of award-winning Centers of Excellence, offering your employees access to industry-leading fertility treatments.

FEWER MULTIPLE BIRTHS

The ARC program results in fewer multiple births than non-ARC clinics, decreasing the cost of healthcare and benefiting both patients and employers.

BEATING THE AVERAGE

The twin rate continues to decrease and ARC clinics out-perform non-ARC clinics with even lower twin rates.

INDUSTRY AVERAGE

-21%

2016-2018

BY THE NUMBERS

UP TO
78%

Studies prove multiple birth rates are up to **78% lower when IVF is covered**

\$112
THOUSAND

Cost **savings to payors of \$112,000** for each twin pregnancy that did not occur

\$47
MILLION

ARC Fertility Network Member clinics **saved payors \$47,292,000** between 2016-2018

Improving the reproductive health and well-being of individuals through increased access to quality fertility care has been ARC Fertility's mission for more than 25 years.
