University Hospitals Fertility Center West

The UH Fertility Center West brings the most advanced care for female and male infertility to Cleveland's western suburbs, in collaboration with UH Fertility Centers at UH Ahuja Medical Center in Beachwood and at UH MacDonald Women's Hospital in University Circle.

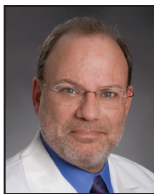

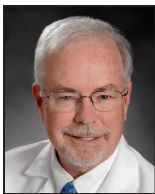

Fertility treatments include:

- Ovulation induction
- Intrauterine insemination
- In Vitro Fertilization (IVF)
- Intracytoplasmic Sperm Injection (ICSI)
- Embryo cryopreservation
- Comprehensive sperm testing
- Shared oocyte program
- Egg donation program
- Gestational surrogate
- Sperm donor insemination
- Tubal sterilization reversal
- Sperm banking
- Fertility preservation
- Advanced minimally invasive surgery
- Psychological counseling

For patient convenience, UH Fertility Center West features laboratory services for same-day hormonal testing and semen analysis. The facility also features high-risk obstetrics, genetic counseling and OB imaging services in an adjacent UH office.

### Physician leadership

The nationally recognized physician leadership team of reproductive endocrinology and infertility specialists at UH Fertility Center has been at the forefront of advancements in fertility treatment and surgery for years, specializing in the diagnosis and treatment of fertility issues to provide the best patient outcomes.

**William Hurd, MD** **Bryan Hecht, MD** **Brooke Rossi, MD**

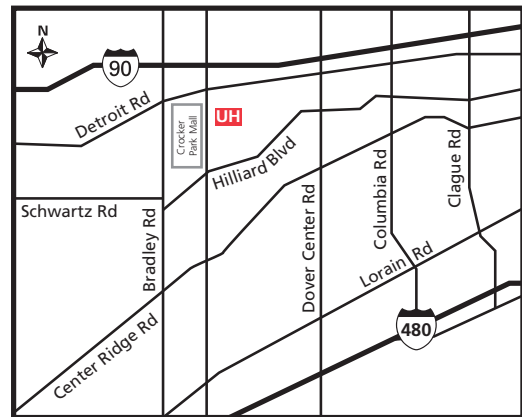

*Division Chief,  
Reproductive  
Endocrinology &  
Infertility*

### Why choose UH Fertility Center West?

- Experienced team of fertility specialists led by James Goldfarb, MD – a pioneer in the field of IVF responsible for Ohio's first IVF birth (1983), the world's first IVF surrogate birth (1986) and Ohio's first birth from PGD (2004)
- Access to the latest therapeutic treatments and medications
- A warm and welcoming office with physicians and staff focused on your patients' needs
- Care that is individualized to each patient regardless of his or her marital status or sexual orientation
- Affordable care – while complex treatment may be needed by some couples, many achieve success with very simple treatment
- Access to the Partnership for Families program of University Hospitals Fertility Center, a unique philanthropic organization that provides financial assistance to qualified couples or women experiencing infertility
